Dear Parents/Guardians,

With the school year now in full swing, I wanted to provide you with an update on the renovation project underway at Westmount Elementary School.

Earlier this year, the Halifax Regional School Board received funding from the provincial government to replace the roof over the gymnasium. The work started at the beginning of October and is expected to be finished before the end of November, weather permitting.

Undertaking repair work during the school year, while not uncommon, can be challenging. As always, we work with the administration and the contractor to minimize the impact on the school. When necessary, work is scheduled to occur after school hours and on weekends.

If you have any questions about this project, I would encourage you to contact the school and speak with the principal. They should be able to answer any of your questions or direct you to the appropriate contact at the board for a response.

I want to thank the provincial government for their investment in Westmount Elementary.

Regards,

Elwin LeRoux,  
Superintendent
